LAUNCHING THE UK-FRANCE BUSINESS FORUM

- A joint initiative by the French Chamber and the Franco-British Chamber of Commerce, focusing on business-to-business collaboration to foster commercial opportunities around three central pillars:
 - Mobility and talent
 - Clean transition
 - Technology and innovation
- The launch brought together leaders from 25 major French and UK companies, alongside representation from both Embassies, Business France, CBI and MEDEF, and was recognised with a special video from the Prime Minister.

This year we've taken our impressive network of business leaders to the heart of government to talk about the economic and business relationship between our two countries. Through this work the French Chamber is being recognised in the highest offices of State as a vital interlocker of French business investing in UK growth.

David Lutton, Interim Managing Director

CREATING PLATFORMS TO ACCESS DECISION MAKERS

- Regular calls with key institutional decision-makers

In addition to our existing calls with the French Embassy, we launched regular calls with the Bank of England and the European Central Bank.

- Meeting with the Secretary of State for Business, Energy and Industrial Strategy

In October, the Secretary of State held a private meeting with a delegation of Patron members.

UK-France Business Dashboard

We measure the strength of the economic relationship through our UK-France Dashboard.

By combining survey data from our extensive business network with a range of open-source data sets on trade and investment, we are able to offer a unique and up-to-date perspective on trading conditions.
